Office of the Student Affairs

The Office of Student Affairs which serves as the channel for the effective implementation of the different student welfare and development programs and services aims for the holistic development of students by providing them quality, relevant, efficient and effective programs and services that are

complementing the academic program of the College. It is designed as an integral part of the institutional effectiveness.

All activities were planned and implemented to help the students attain their potentials to become worthy contributors in their social environment.

In order to realize the general and specific objectives of the Office, there were several seminars, trainings and conferences conducted in the College that served as avenues for the students to be developed to their utmost. Students were also sent to different seminars, trainings and conferences in local, regional and national levels, thus, providing them updates and insights in their respective organizations. Cultural and sports activities were conducted in order to discover and develop athletes and performers and prepare them for the lower and higher levels of competitions. The guidance and counseling services were maintained for the welfare and total personality development of the students. There are continuing scholarship programs and grants availed by deserving students. Other student services are also provided such as medical, dental, information and record management and other services to meet the students' needs to complement their academic / intellectual development during their stay in the College.

FACULTY AND STAFF DEVELOPMENT

The College has an active Faculty and Staff Development Program which supports development, growth and advancement of faculty and employees to make them more effective and efficient workforce.

Five (5) faculty members who were grantees of the Faculty and Staff Development Program finished their Master's degree last March 2008:

CURRICULUM AND INSTRUCTION

Activities were undertaken to improve the curricular offerings of the College. In particular, the Bachelor of Secondary Education curricular structure was reviewed and revised. The revision made was on the realignment of the professional education subjects and its corresponding field study course (experiential learning). The revised curriculum was presented to the stakeholders for approval and support. With the revision in place, a course catalogue was produced which is a compilation of the curricular structure, course description of the subjects in the different fields of specialization, professional education subjects, summary of subjects, admission and graduation requirements and other pertinent information.

In the desire of the College for quality higher education, the Bachelor of Secondary Education was submitted for accreditation, specifically, 1st survey visit while the Bachelor of Science in Information Technology underwent the preliminary visit last November 19 – 22, 2008.

In line with the policy of "One System, One Standard", the College is participating in the review and revision of the curricular structure of the different programs offered in this institution. This is an on-going activity.

The current trend in the basic education, specifically, secondary education, is the offering of vocational-technical courses. In line with this, the College plans to open a new program which is the Bachelor of Technical Teacher Education to cater to the needs of secondary schools.

In the area of instruction, there were teachers who were able to produce instructional materials for classroom use.

ACCREDITATION

The Secondary Teacher Education Program was awarded a Candidate Status by AACCUP, Inc. effective August 15, 2006-August 16, 2008 after having passed the Preliminary Survey Visit on July 31-August 2, 2006.

To prepare for the next Accreditation Visit, a Task Force was created. Meetings were done by the Accreditation Committee Core Group and the Area Chairs with their members. Necessary documents were gathered, prepared, labeled and filed. A new Accreditation Center was constructed and equipped with necessary filing cabinets and fixtures to house the important documents needed for the Accreditation Visit.

On May 27, 2008, the Administration applied for the First Survey Visit for Secondary Teacher Education Program and Preliminary Survey Visit for BS Information Technology Program. The Program Performance Profile documents for both programs were submitted on May 29, 2008. AACCUP, Inc. sent a schedule of the Visit on July 14-19, 2008. However, the Administration declined it. On October 8, 2008, AACCUP sent another

schedule of the Visit which was November 17-22, 2008 and on October 13, 2008, the Administration confirmed it. The final schedule of the Visit was November 19-22, 2008. The Team who conducted the Visit was composed of ten Members with one Coordinator. Dr. Manuel T. Corpus, the Survey Consultant and AACUP, Inc. Executive Director came to visit the College on November 21, 2008.

RESEARCH

Research is an avenue where each and every individual in this world contributes his share in building a strong nation. Though this is quite an adventurous task to undertake, we should be very optimistic of a promising tomorrow that it brings.

COMPLETED RESEARCHES

For 2008, six members of the faculty from this campus were able to finish their Master's Degree:

With thesis:

- Engr. Joel M. Ferolino graduated his M.A. Math with his thesis entitled "Cooperative and Traditional Learning Methods their Effect on the Mathematics Performance of First Year Bachelor of Science in Information Technology".
- Mrs Emilia M. Fallarcon also finishes her M.A. Math with her thesis "Competence in Mathematics: Its Relationship to Word Problem Solving in Physics".
- Mr. Rey G. Gariando, a contractual electrical technology instructor submitted his thesis entitled "Industrial Motor Control Device" paving the way to his graduation on the Master's Degree.
- Miss Melly P. Reyes, a contractual P.E. instructor has hurdled her post graduate studies and was conferred her graduation in the M.A. Ed. (Physical Education) from West Visayas State University. Her thesis is entitled "Extent of Sports Participation & Study Habits: Their Relation to Students Academic Performance".
- Miss Marlyn M. Nacionales, in her 24 years in the service to the school had likewise strived to finish her M.A. Ed. (Filipino) at WVSU with her thesis entitled "Paglinang at Pagtataya ng Modyul sa Pagbasa".

Non-thesis plan:

- Engr. Noel E. Noche finished his M.A. Ed (Mathematics) at WVSU, this, giving him an edge over other applicants being taken in as permanent faculty of this institution.

WVCST VENTURES INTO BUSINESS

The Western Visayas College of Science and Technology is venturing on a 2.612 million pesos investment program with PhP 1,328,000 scheduled for the physical infrastructure.

The proposed Entrepreneurial Lane for Cyber Café and IT Services is envisioned to cater to the growing demands in the field of Information and Communication Technology. It will provide affordable, dependable, and reliable ICT services. The structure is strategically located at the main campus fronting the TVEP Building along Burgos Street, La Paz, Iloilo City. This initiative is in response to the government's call that state universities and colleges should formulate business plans as alternative ways to come up with additional resources to augment the yearly allocation.

The one-storey Entrepreneurial Lane with a schedule of three cubicles measuring 8.0mx4.7m per cubicle and having a total area of 112.8 meters with one Comfort Room is scheduled for Phase 1.

WVCST ALUMNI ASSOCIATION, INC.

ACCOMPLISHMENT REPORT COVERING THE PERIOD FROM SEPTEMBER 2007 TO DECEMBER 2008

PREFATORY STATEMENT

The Western Visayas College of Science and Technology Alumni Association, Incorporated is a non-stock, non-profit organization duly registered with the Securities and Exchange Commission under SEC Reg No. IO01623 last March 4, 1991. The purposes for which the association was organized are as follows: (1) to unite all members of this association into one cohesive body pursuing common goals and ideals; (2) to foster the general welfare of the members; (3) to promote mutual help, cooperation and fellowship among members; (4) to encourage the members to render service to the association, to the college and to the country; and (5) to promote scientific, vocational and technological, arts and cultural education.

As an active partner of the college in achieving her lofty missions and goals, the WVCST Alumni Association, Incorporated has been an active participant in the formulation of policies of the college, being one of the sectors represented in the Board of Trustees. In the same manner, the association is working closely with the other major stakeholders of the college in pursuance of this mission.

With a net worth of P3,206,846.85 in fiscal year 2006, it increased to P3,279,242.38 as of fiscal year 2008. It also increased its assets. Among those is the alumni dormitory, which has been undergoing improvements for the benefit of the occupants, with funding coming from the WVCST-ISAT Alumni of Guam and the rentals of the dormitory. The Alumni Centennial Hall, which serves as the offices of the Alumni Association and the WVCST College Parents-Teachers Association, College Museum and Conference Hall, had its formal inauguration last September 12, 2006. It is now ready to serve as a fully air-conditioned conference hall and art museum of the alumni artists. The most recent tangible project of the association is the Alumni Park and Café built beside the Alumni Centennial Hall.

The association continues its journey towards new horizons by introducing more improvements and creating more linkages for the benefit of the association and the college. To encourage participation of the members in the affairs of the association, the alumni chapters here and abroad have been activated. Off-campus board meetings are likewise held in different chapters so those chapter members could air their concerns for the good of the association.

With the recent amendment and ratification of the Constitution and by-laws and enriched with observations and experiences during off-campus meetings, the Board of Directors went back to the drawing board to draw out a new policies, program and thrusts geared towards achieving the goals and objectives of the association. Working committees have been activated with members coming from the different alumni chapters.

WVCST MARCH

Hail to our Alma Mater dear
 You trained us to be skilled technicians
 We raise our voices loud and clear
 In praise of thee and thy diadem
 In our day's work we'll do our best
 To reap success and glory
 By manning Philippine industry
 Proud indeed we shall always be

With affection we shall sing
 Ardent hearts as nation builders
 Human dignity we'll all maintain
 As technologists, scientists, builders

Dear WVCST
 Your dreams in us will never fade
 We'll gladly take the goal you have made
 The Philippines we will elevate

Chorus:

Dear WVCST
 You helped our country grow
 and prosper
 Mem'ries of thee shall never fade
 In our hearts we'll keep forever...

Repeat Chorus

WVCST CENTENNIAL MARCH

Music by: Atty. Rex Salvilla
Lyrics by:
Dr. Edgar C. Jimena

Beneath the blue, West Visayan skies
A college greets our misty eyes
Its banner high of gold and blue
Shimm'ring its lovely hue.

As scientists and technologists
We hold your banner high with pride
The love of labor, honor and service
It's clarion call for a hundred years.

(Repeat)

Chorus:

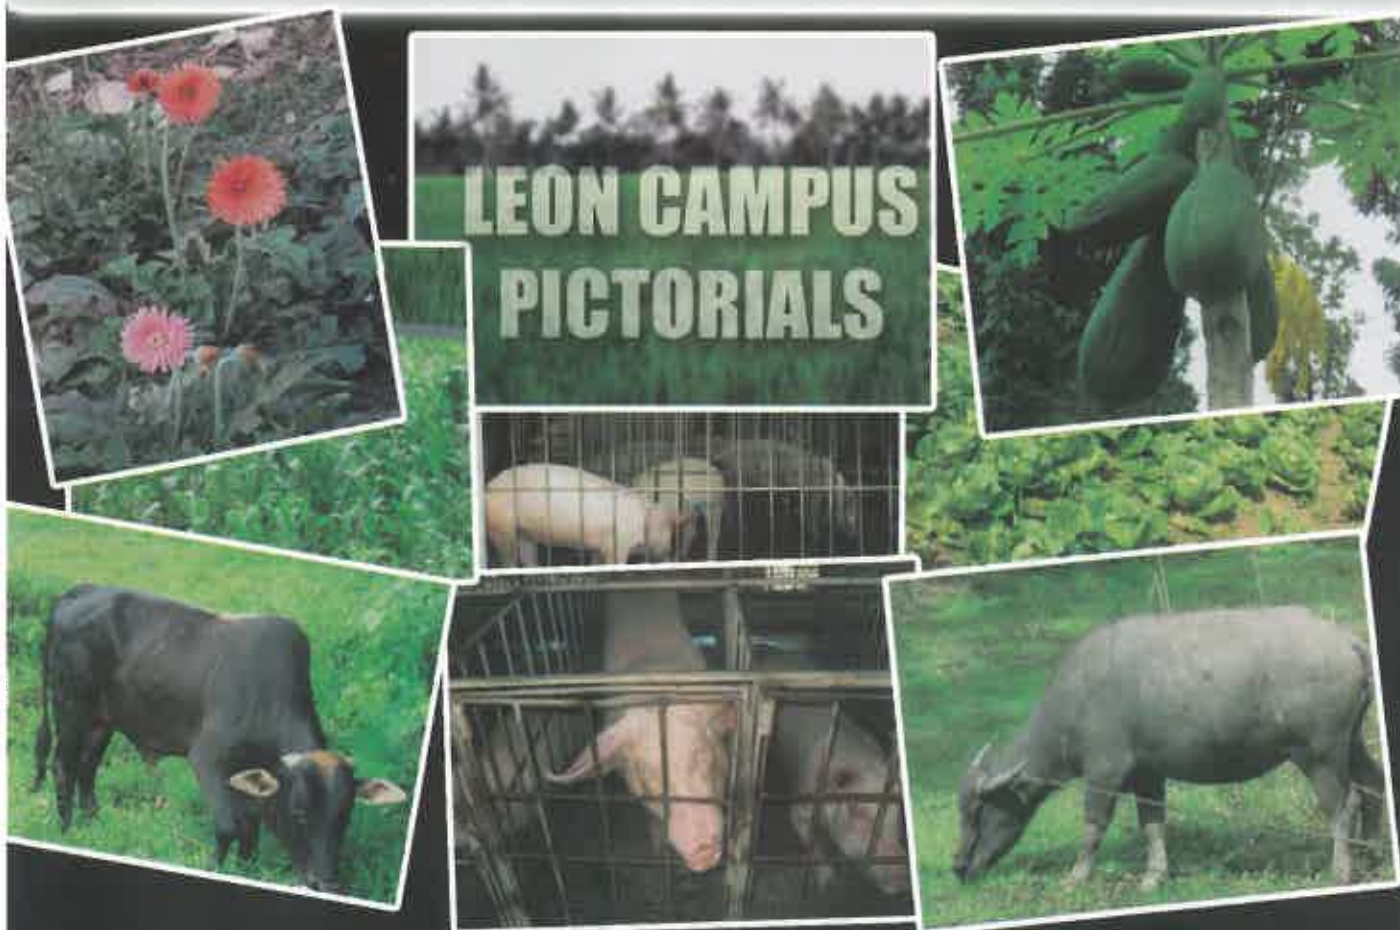

We are strengthened by abiding faith
Bestow your love, that we may live
We honor and love you
